

# PcVue 11

News Release

What's new?

[www.pcvuesolutions.com](http://www.pcvuesolutions.com)

## New Libraries

Ease your development and your maintenance!

### A MODULAR APPROACH

- Consistent and modular objects
- Customizable modeling of complex objects
- Endless combinations

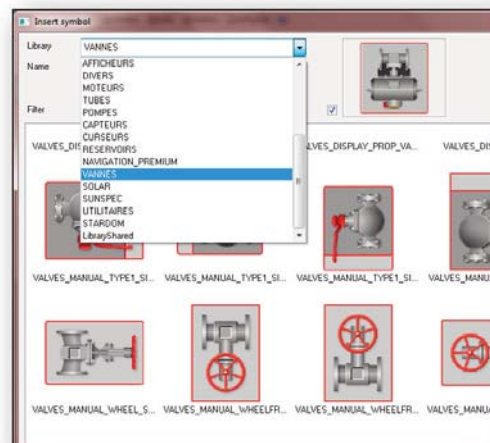

### A BUSINESS APPROACH

- Objects adapted to different needs
- Libraries of common objects
- Specific business libraries

### NEW LIBRARIES

- More than 4000 pictures in PNG format
- About 900 animated objects
- More than 100 predefined templates containing instantiated variables, alarms, symbols, treatment thresholds ...

## NEW LIBRARIES

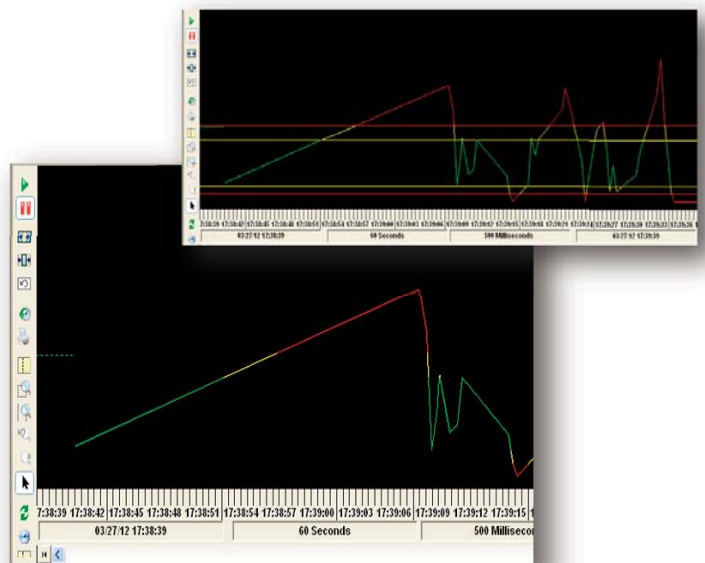

- Customizable **QuickStart** projects
- **Different styles** and resolutions
- **Ready:** Views, alarms, curves, historical, user profiles ...

## Trending

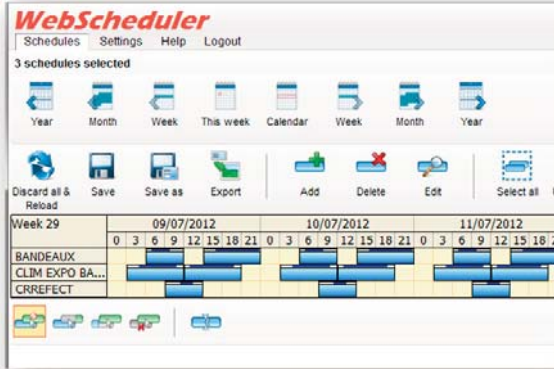

### New functionalities

- Integration of thresholds
- Plotting curves threshold, min, max
- Special colors show exceeded thresholds
- Offset curves in time

# Integrated planning!

## Web Scheduler 2.0

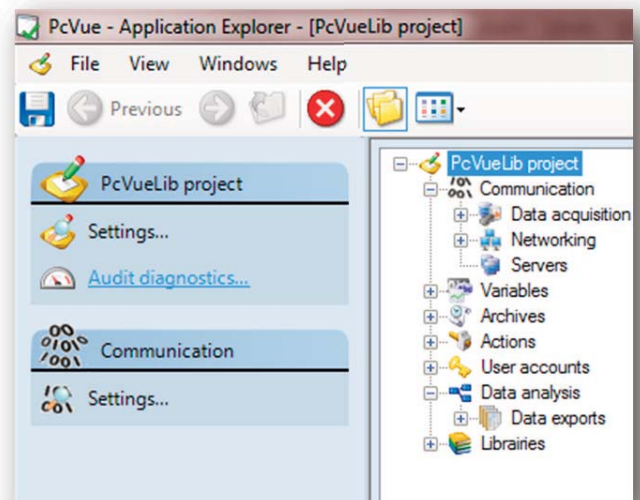

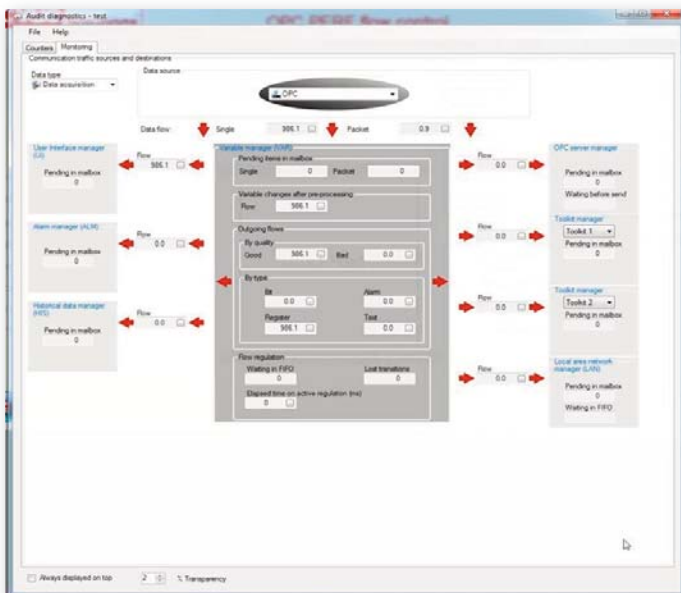

- Web Graphical interface
- Access time programs out of PcVue context
- Intuitive, user-friendly and respectful of ergonomic principles

# Diagnostics Tools

## Monitor your applications!

### DIAGNOSTIC

- Flow analysis and system resources
- Graphical presentation
- Integrated in Application Explorer

# Smart Building Ready

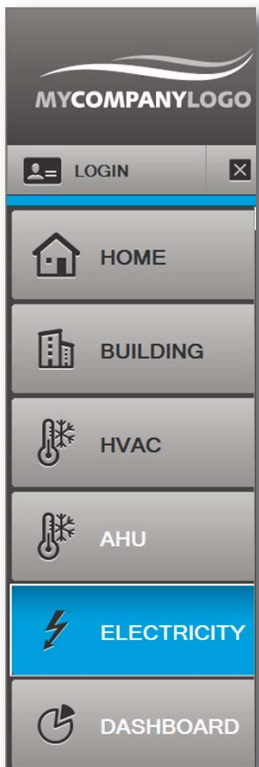

## From BMS to Smart Building Ready

- Provide a **single interface** for the supervision of **all types** of buildings
- Able to interface with equipment from **different manufacturers**
- Provide maintenance crews and operators integrated tools to **reduce costs**
- Able to interface with **energy suppliers**

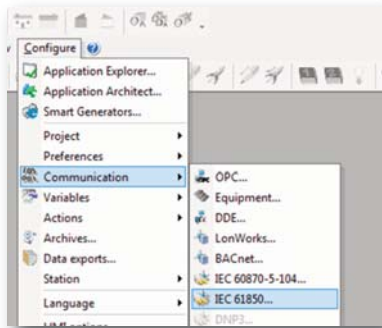

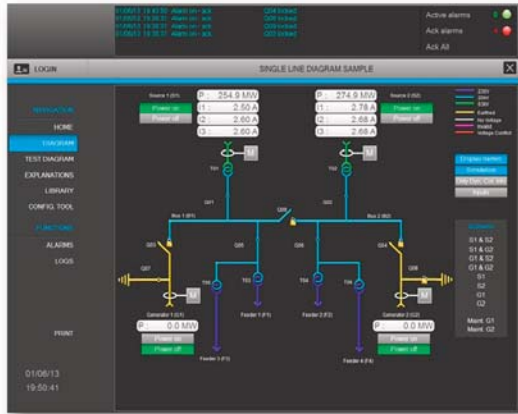

# Smart Grid Ready

## Why a Smart Grid Ready offers?

- Take advantage of these technologies with monitoring tools that you already have mastered
- No need to use specific tools dedicated to energy management
- Offer a consistent environment, controlling both industrial installations and managing energy
- Certified products (KEMA)

**PROTOCOLS, STANDARD AND NATIVE FEATURES!**

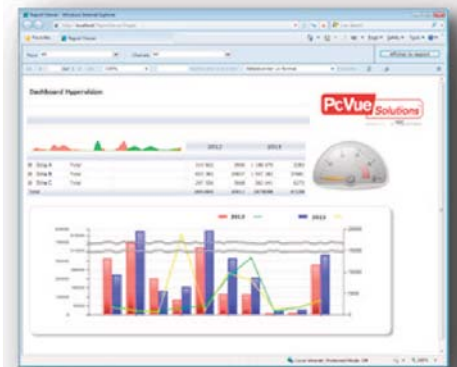

- IEC 61850 client
- IEC 104 client
- DNP3 client
- PICS available
- Dynamic Busbar Coloring

**Data Analysis**

**Data Export – Integrated PcVue Module**

- Integrated to the Application Explorer
- Statistical data processing
- Operating in Excel

# Execution Environment

## PcVue 11 : Platforms

- Windows 8 for client stations
- Windows 2012 Server for server stations
  - acquisition
  - archiving
- SQL Server 2012

# Mobility & Distant Access

## TouchVue – Monitoring your systems from your pocket!

- Provides access to PcVue information without scripting
- Allows you to be notified when alarms occur
- Filter information according to PcVue profiles
- Allows access to different sites

## ABOUT US

Founded in 1981, **ARC Informatique** is a privately held company headquartered in Paris, France. The company manufactures and markets industrial software. Originally developed for the process industries, the company's software is now also sold into infrastructure, utilities and building management systems applications. In 2008, **ARC Informatique** launched **PcVue Solutions**, offering software, hardware and application support as a global service to the infrastructure, HMI, OEM, building automation, power generation & distribution, airport, batch and continuous process markets.

Both ISO 9001 and ISO 14000 certified, the company is establishing an international presence through direct sales offices in the US, Europe and Asia. The company has OEM agreements allowing to ship versions of **ARC**

**Informatique's** HMI software under other brands. To date, over 50,000 licenses have been shipped. **ARC Informatique** also uses distributors as a sales channel.

► **PcVue Solutions** is a suite of software and hardware for visualization, control, management and data analysis for industrial, building, infrastructure and utilities applications.

**PcVue** - HMI/SCADA software

**WebVue** - Web access solution

**FrontVue** - Graphical user interface

**Dream Report** - Reporting tool

**IntraVue** - Industrial Ethernet diagnosis software

**Alert** - Industrial on call management system

**Moxa** - Industrial Ethernet switches

**TouchVue** - Mobile application for smartphones and tablet computers
